

THE WINE DESIGN CHALLENGE

There is no doubt that design is a vital ingredient to the success of any wine brand. Great design and packaging will successfully communicate a brand's image, wine's origins and provenance and in turn, this can have a massive impact on sales. First impressions count, which is why the design of any wine brand is crucial.

We are in search of new and repackaged designs and initiatives for wine brands across the globe. Entries are welcome from wine producers, design agencies or associated companies.

Entries will be assessed by an expert panel of judges which comprise of wine retailers, wine writers, graphic designers, art directors and on- and off-trade professionals.

Each entry will be judged against its execution of the objectives, initial impact, originality, creativity, innovation and relevance to target market.
